

DMO - DGO series - High pressure stainless steel - Hot Water - HP reinforced rubber hose

Technical characteristics

Technology: Pipe locked with ratchet stop

Max operating pressure: 400 bar

Temperature: -40°C to +150°C

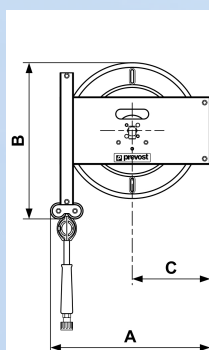

Equipped with: Fixed bracket

Inlet: G 3/8F

Outlet: G 3/8 M and coupling M22 x 1.5 F

Pressure: 400 bar

Temperature: -40°C to +150°C
